

Company Info

About Us: The Jumpitz® is an award-winning, live action educational entertainment group dedicated to delivering fun, imaginative and interactive content and dynamic live shows, for children who are between two and seven years of age. Through playful, engaging and trusted characters, The Jumpitz inspire children to actively learn about, and discover the world around them.

Each story is set to an original song that encourages active discovery, inclusiveness and social play. The Jumpitz are both family and friend oriented, and each element of song, dance and story introduces contemporary topics ranging from the environment to what it means to be part of a diverse, global community, to age appropriate problem solving - in a fun, simplistic and effective way.

Our Team: [The Jumpitz "behind the scenes"](#) team consists of proven and progressive business leaders, along with award-winning creators who understand that the best way to get children to learn is to make the messages fun and talk about things kids can relate to!

The Jumpitz – [Josh](#), [Jake](#), [Emily](#), [Nathan](#) and [Mari](#) – are “childlike” and charming characters who sing, dance and tell stories about healthy foods from around the world, overcoming fears, recycling, finding fun without toys, and other topics that relate to being a kid in today's world. With new kids classics like “The Kitchen Sinks,” “Get Your Body Moving,” “Flippity-Floppity-Flapjacks” and “The World In Books”, The Jumpitz help children discover the world around them with a musical style that parents would find right at home on their favorite playlists.

"The Jumpitz are fantastic – we're definitely a 'Jumpitz family!' Not only did they perform at Ashby's second birthday party, but she loves to watch their 'Celebrate Animals!' DVD all day long! My husband and I love the fact that the group both entertains and teaches Ashby about all the wonderful things the world offers."

- Nancy O'Dell, Author, Actress and Mom, Access Hollywood.

"The Jumpitz performed at a charity event I threw and they were amazing! The kids were completely transfixed by them. They were adorable and entertaining. Liam is now their #1 fan!" ([Watch Video](#))

- Tori Spelling, Actress and Mom, Tori and Dean: Home Sweet Hollywood, Oxygen Network

"MOVE OVER, Baby Einstein. Watch out, Wiggles. The Jumpitz are the new kids entertainment group on the block."
